

health CARE

keeping your staff and patients
SAFE

Health care facilities require a 24-hour solution so they can focus on the business of caring for patients. Through Access Portal, we provide secure solutions that are flexible and scalable to meet your specific requirements.

SOME BENEFITS OF ACCESS PORTAL THAT MAY BE IMPLEMENTED

- Hands-free door entry for emergency situations, where instant access is critical
- Automatic vehicle registration identification eliminates the need to stop
- Partial or full site 'lock down' in an emergency situation
- Ability to restrict access by ward, department or individual
- Access control for employees, contractors and visitors
- Full integration into other systems such as intruder alarms, CCTV and elevator systems
- Variety of quickly accessed reports
- 24-hour access through any web enabled device (smartphone, tablet, computer)
